INTERIM PARTNERSHIP AGREEMENT

between the European Community, of the one part, and the Pacific States, of the other part

THE EUROPEAN COMMUNITY, hereinafter referred to as 'the EC Party',

of the one part, and

THE REPUBLIC OF THE FIJI ISLANDS,

THE INDEPENDENT STATE OF PAPUA NEW GUINEA (hereinafter referred to as 'Papua New Guinea'),

hereinafter referred to as 'the Pacific States',

of the other part,

HAVING REGARD TO the Partnership Agreement between the Members of the African, Caribbean and Pacific Group of States of the one part, and the European Community and its Member States of the other part, signed in Cotonou on 23 June 2000 and revised in 2005 (hereinafter referred to as the 'Cotonou Agreement');

HAVING REGARD TO the fact that the trade preferences granted under the Cotonou Agreement will expire on 31 December 2007;

HAVING REGARD TO the negative impact on the exports from Pacific States to the European Community that may result from the expiration of the Cotonou trade preferences in case no WTO compatible successor trade arrangement is in place by 31 December 2007 and that it is therefore necessary to establish an Interim Partnership Agreement that would safeguard the trade and development interests of the Pacific States affected;

HAVING REGARD TO the fact that the EC Party has offered improved market access within the framework of the negotiations on Economic Partnership Agreements (EPAs) and that Pacific States wish to start benefiting from this offer as from 1 January 2008;

REAFFIRMING their continuing commitment to the ongoing negotiations aiming at the conclusion of a comprehensive EPA by 31 December 2008 which will contain all relevant elements and include all interested Pacific Islands;

REAFFIRMING that development cooperation will be a crucial element of the comprehensive EPA and an essential factor for the realisation of its objectives;

REAFFIRMING their commitment to the objectives and the implementation of the Cotonou Agreement and desiring to build upon those commitments;

REAFFIRMING their commitment to the respect for human rights, democratic principles, the rule of law and to good governance, which constitute essential and fundamental elements of the Cotonou Agreement, and to sustainable and equitable development, along with greater involvement of an active and organised civil society and the private sector, which, along with the market economy, are the main elements recognised in the Cotonou Agreement as contributing to achieving the objectives of the partnership;

REAFFIRMING their commitment to work together towards the achievement of the objectives of the Cotonou Agreement of poverty eradication, sustainable development and the gradual integration of the Pacific States into the world economy, with due regard for their political choices and development priorities;

REAFFIRMING their commitment to support the regional integration process within the Pacific region, and in particular to foster regional economic integration as a key instrument for their integration into the world economy and helping them face the challenges of globalisation and achieving the economic and social development to which they aim;

DESIRING to cooperate closely at the national level within the framework of the existing structures as set out in the Cotonou Agreement to maximise the synergies between development cooperation and the objectives of this Agreement;

DESIRING to progressively remove barriers to trade between them; while taking into account the principles of asymmetry and flexibility;

DESIRING to establish a framework for improved arrangements for trade between the Pacific States and the European Community that are consistent with their obligations under the World Trade Organisation ('WTO');

DESIRING to establish an institutional framework for their Interim Partnership Agreement and a mechanism to resolve any disputes that might arise in that relationship consistently with the objectives of this Agreement,

HAVE DECIDED TO CONCLUDE THIS AGREEMENT:

PART I

TRADE PARTNERSHIP FOR SUSTAINABLE DEVELOPMENT

Article 1

Objectives

The objectives of this Agreement are to:

(a) enable Pacific States to start benefiting from the improved market access offered by the EC Party within the framework of the EPA negotiations and, at the same time, avoid trade disruption between Pacific States and the European Community in view of the expiry of the trade preferences granted under the Cotonou Agreement on 31 December 2007 and pending the conclusion of a comprehensive EPA between the Pacific States and the EC Party, and its Member States as the case may be;

(b) promote sustainable development and the gradual integration of Pacific States into the world economy, in conformity with the their political choices and development priorities;

(c) establish a free trade area between the Parties based on the common interest, and fulfil this objective by the progressive liberalisation of trade in a manner compliant with applicable WTO rules and the principle of asymmetry, commensurate to the specific needs and capacity constraints of the Pacific States, in terms of levels and timing for commitments under this Agreement;

(d) set up the appropriate dispute settlement arrangements;

(e) set up the appropriate institutional arrangements.

Article 2

Principles

1. This Agreement is based on the Fundamental Principles as well as the Essential and Fundamental Elements set out in Articles 2 and 9 of the Cotonou Agreement. This Agreement shall build on the provisions of the Cotonou Agreement and the previous ACP-EC Partnership Agreements in the area of regional cooperation and integration as well as economic and trade cooperation.

2. The Parties agree that the Cotonou Agreement and this Agreement shall be implemented in a complementary and mutually reinforcing manner.

Article 3

Sustainable development

1. The Parties reaffirm that the objective of sustainable development shall be an integral part of the provisions of this Agreement, consistent with the overarching objectives and principles set out in Articles 1, 2 and 9 of the Cotonou Agreement, and especially the general commitment to reduce and eventually eradicate poverty in a way that is consistent with the objectives of sustainable development.

2. The Parties understand this objective to apply in the case of the present Agreement as a commitment that:

(a) the application of this Agreement shall fully take into account the human, cultural, economic, social, health and environmental best interests of their respective populations and of future generations;

(b) decision-taking methods embrace the fundamental principles of ownership, participation and dialogue.

3. As a result the Parties agree to work cooperatively towards the realisation of a sustainable development centred on the human person, who is the main beneficiary of development.

Article 4

Regional integration

1. This Agreement builds upon and aims at deepening regional integration and the Parties undertake to cooperate to further develop it.

2. Nothing in this Agreement shall prevent any Party from entering into any Agreement for the establishment of a free trade area, customs union or other free trade Agreement with any third countries.

Article 5

Cooperation in international fora

1. The Parties shall endeavour to cooperate in all international fora where issues relevant to this Agreement are discussed.

2. The Parties recognise the valuable contribution that regional organisations can make to the achievement of the objectives of this Agreement. The Parties agree to work closely with existing Pacific regional organisations and programmes wherever useful and possible to support the implementation of this Agreement.

PART II

TRADE IN GOODS

Article 6

Scope

This Agreement shall apply to products originating in the European Community or in the Pacific States and falling within Chapters 01 to 97 set out in the EC Party's and the Pacific States' respective tariff nomenclatures in conformity with the rules of classification applicable to the Harmonised Commodity Description and Coding System (HS).

CHAPTER 1

Customs duties

Article 7

Customs Duties and Other Charges

1. A customs duty includes any duty or charge of any kind imposed on or in connection with the importation of goods, including any form of surtax or surcharge, but does not include:

(a) internal taxes or other internal charges imposed consistently with Article 23;

(b) any antidumping, countervailing or safeguard measure applied consistently with Chapter 2 of Part II;

(c) fees or other charges imposed consistently with paragraph 2.

2. Fees and charges referred to in paragraph 1(c) shall be limited in amount to the approximate cost of services rendered and shall not represent indirect protection for domestic products or a taxation of imports for fiscal purposes. Any such fees and charges shall not be applied on an ad valorem basis.

Article 8

Rules of origin

For the purposes of this Chapter, 'originating' means qualifying under the rules of origin set out in Protocol II to this Agreement. In the period of the five years following the entry into force of this Agreement the Parties shall review the operation of these provisions, with a view to further simplifying the concepts and methods used for the purpose of determining origin in the light of the development needs of the Pacific States. In such review, full consideration shall be given to providing certainty for investors, the development of technologies and production processes and all other factors, including on-going reforms of rules of origin and the establishment of appropriate mechanisms for administrative cooperation between the Parties and the Pacific States as the case may be, which may require modifications to the provisions of this Protocol. Not later than one year before the end of this period, the Parties shall open negotiations on the Protocol with a view to modifying or replacing it. Any such modification or replacement shall be effected by a decision of the Trade Committee.

Article 9

Classification of goods

The classification of goods in trade between the EC Party and the Pacific States shall be that set out in the respective tariff nomenclatures based on the Harmonised Commodity Description and Coding System.

Article 10

Elimination of customs duties on exports

Neither the EC Party nor the Pacific States may maintain or institute any duties, taxes or other fees and charges imposed on or in connection with the exportation of goods to the other Party, or any internal taxes, fees and charges on goods exported to the other Party that are in excess of those imposed on like products destined for internal sale, except:

(a) when these measures are necessary, in conjunction with domestic measures, for ensuring fiscal solvency of a Pacific State or for the protection of the environment; and

(b) in exceptional circumstances, where a Pacific State can justify specific protection to develop infant industries, that Pacific State may introduce temporary export taxes on a limited number of products destined for the EC market after mutual Agreement with the EC Party [1].

Article 11

Customs duties on products originating in the Pacific States

Products originating in the Pacific States shall be imported in the EC Party free of customs duties, except for the products indicated, and under the conditions set out in Annex I.

Article 12

Customs duties on products originating in the EC Party

Customs duties on imports of products originating in the EC Party shall be reduced or eliminated in accordance with the provisions set out in Annex II.

Article 13

Modification of Tariff Commitments

In the event of serious difficulties in respect of imports of a given product, the Pacific State facing such difficulty may request that the Trade Committee review the schedule of customs duty reductions and eliminations with a view to modify where necessary the time schedule for reduction or elimination by common accord.

The Trade Committee by agreement may modify Annex II in any manner deemed appropriate.

The Parties shall ensure that any such modifications do not result in an incompatibility of this Agreement with the requirements of Article XXIV of the General Agreement on Tariffs and Trade (GATT) 1994.

Article 14

Standstill

No new customs duties shall be introduced in trade, nor shall those already applied be increased between the Parties as from the entry into force of the Agreement for all products subject to liberalising commitments.

[1] The Parties recognise that any such measure shall be applied on a Most Favoured Nation (MFN) basis.

Article 15

Circulation of goods

1. Customs duties shall be levied only once for goods originating in the EC Party or in the Pacific States. Once customs duties have been levied, goods originating in any of the Parties shall circulate within the territory of the EC Party or of the Pacific States respectively without any further payment of customs duties.

2. Notwithstanding paragraph 1 and for goods of tariff headings whose duties have not yet been eliminated in all of the Pacific States, any customs duty paid upon importation in a Pacific State shall be refunded fully and without delay when the goods leave the customs territory of first importation. Such product shall then pay the duty in the country of consumption.

3. The Parties agree to cooperate with a view to facilitating the circulation of goods and simplifying customs procedures as provided for under Chapter 4.

Article 16

Non-discrimination Clause

1. With respect to matters covered by this Chapter, the EC Party shall accord to Pacific States any more favourable treatment applicable as a result of the EC Party becoming party to a free trade agreement with third parties after the signature of this Agreement.

2. With respect to the subject matter covered by this Chapter, the Pacific States shall accord to the EC Party any more favourable treatment applicable as a result of the Pacific States becoming party to a free trade agreement with any major trading economy after the signature of this Agreement.

3. Where a Pacific State or the Pacific States can demonstrate that they have been offered by a third Party a substantially more favourable treatment in goods, including rules of origin, than that offered by the EC Party, the Parties will consult and may jointly decide how best to implement the provisions of paragraph 2.

4. The provisions of this Chapter shall not be so construed as to oblige the EC Party or any Pacific State to extend reciprocally any preferential treatment applicable as a result of the EC Party or any Pacific State being party to a free trade agreement with third parties on the date of signature of this Agreement.

5. For the purposes of this Article, 'free trade agreement' means an agreement substantially liberalising trade and providing for the absence or elimination of substantially all discrimination between or among parties thereto through the elimination of existing discriminatory measures and/or the prohibition of new or more discriminatory measures, either at the entry into force of that agreement or on the basis of a reasonable time frame.

6. For the purposes of this Article, 'major trading economy' means any developed country, or any country accounting for a share of world merchandise exports above 1 percent in the year before the entry into force of the free trade agreement referred to in paragraph 2, or any group of countries acting individually, collectively or through a free trade agreement accounting collectively for a share of world merchandise exports above 1,5 percent in the year before the entry into force of the free trade agreement referred to in paragraph 2 ([1]).

Article 17

Special provisions on administrative cooperation in customs matters

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Part and underline their commitment to combat irregularities and fraud in customs and related matters.

2. Where a Party or a Pacific State as the case may be has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud, the Party or Pacific State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.

3. For the purpose of this Article a failure to provide administrative cooperation shall mean, inter alia:

(a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;

(b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;

(c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article, a finding of irregularities or fraud may be made, inter alia, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and the export capacity of the other Party or Pacific State as the case may be, which is linked to objective information concerning irregularities or fraud.

([1]) For this calculation official data by the WTO on leading exporters in world merchandise trade (excluding intra-EU trade) shall be used.

4. The application of a temporary suspension pursuant to paragraph 2 shall be subject to the following conditions:

(a) The Party or Pacific State as the case may be which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall without undue delay notify the Trade Committee of its finding together with the objective information and enter into consultations within the Trade Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both the EC Party and the Pacific States or State as the case may be.

(b) Where the Parties have entered into consultations within the Trade Committee as above and have failed to agree on an acceptable solution within three months following the notification, the Party or Pacific State concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Trade Committee without undue delay.

(c) Temporary suspensions under this Article shall be limited to that necessary to protect the financial interests of the Party or Pacific State concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the affected Party or Pacific State and the Trade Committee. They shall be subject to periodic consultations within the Trade Committee in particular with a view to their termination as soon as the conditions for their application are no longer given.

5. At the same time as the notification to the Trade Committee under paragraph 4(a) of this Article, the Party or Pacific State concerned should publish a notice to importers in its official gazette or journal. The notice to importers should indicate for the product concerned and for the specific origin concerned that there is a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud.

Article 18

Management of administrative errors

The Parties recognise each others' rights to correct errors during the implementation of this Agreement. Where errors are identified, either Party may request the Trade Committee to examine the possibilities of adopting appropriate measures with a view to resolving the situation.

CHAPTER 2

Trade defence instruments

Article 19

Anti-dumping and countervailing measures

1. Subject to the provisions of this Article, nothing in this Agreement shall prevent the EC Party or Pacific States, both WTO members and non-WTO members, whether individually or collectively, from adopting anti-dumping or countervailing measures in accordance with the relevant WTO agreements. For the purpose of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties.

2. The EC Party may not impose definitive anti-dumping or countervailing duties in respect of products imported from Pacific States before considering the possibility of constructive remedies foreseen in the relevant WTO agreements, in accordance with EC law. In that respect, the EC Party shall provide appropriate assistance to the exporters from the Pacific States which are proposing such constructive remedies.

3. Where an anti-dumping or countervailing measure has been imposed on behalf of two or more Pacific States by a regional or sub-regional authority, there shall be one single forum of judicial review, including the stage of appeals.

4. Where anti-dumping or countervailing measures can be imposed on a regional or sub-regional basis and on a national basis the Parties or Pacific States as the case may be shall ensure that such measures are not applied simultaneously in respect of the same product by regional or sub-regional authorities on the one hand, and national authorities on the other.

5. The EC Party shall notify the exporting Pacific States of the receipt of a properly documented complaint before initiating any investigation.

6. The provisions of this Article shall be applicable to all investigations initiated after this Agreement enters into force.

7. The provisions of this Article shall not be subject to the Dispute Settlement provisions of this Agreement.

Article 20

Multilateral safeguards

1. Subject to the provisions of this Article, nothing in this Agreement shall prevent the Pacific States and the EC Party from adopting measures in accordance with Article XIX of the GATT 1994, the Agreement on Safeguards, and Article 5 of the Agreement on Agriculture. For the purpose of this Article, origin shall be determined in accordance with the non-preferential rules of origin of the Parties.

2. Notwithstanding paragraph 1, the EC Party may, in the light of the overall development objectives of this Agreement and the small size of the economies of the Pacific States, exclude imports from any Pacific State from any measures taken pursuant to Article XIX of the GATT 1994, the WTO Agreement on Safeguards and Article 5 of the Agreement on Agriculture.

3. The provisions of paragraph 2 shall apply for a period of five years, beginning with the date of entry into force of the Agreement. Not later than 120 days before the end of this period, the Parties shall review the operation of those provisions in the light of the development needs of the Pacific States, with a view to determining whether to extend their application for a further period.

4. The provisions of paragraph 1 shall not be subject to the Dispute Settlement provisions of this Agreement.

Article 21

Bilateral Safeguards

1. Notwithstanding Article 20, after having examined alternative solutions, the EC Party or a Pacific State may apply safeguard measures of limited duration which derogate from the provisions of Articles 11 and 12, under the conditions and in accordance with the procedures laid down in this Article.

2. Safeguard measures referred to in paragraph 1 may be taken where a product originating in the EC Party or a Pacific State is being imported into the territory of the EC Party or a Pacific State in such increased quantities and under such conditions as to cause or threaten to cause:

(a) serious injury to the domestic industry producing like or directly competitive products in the territory of the importing Parties or Pacific States, or

(b) disturbances in a sector or industry of the economy, whether of an economic or social nature, or difficulties which could bring about serious deterioration in the economic situation of the importing Parties or Pacific States, or

(c) disturbances in the markets of agricultural like or directly competitive products [1] or mechanisms regulating those markets.

[1] For the purpose of this Article agricultural products are those covered by Annex I of the WTO Agreement on Agriculture.

3. Safeguard measures referred to in this Article shall not exceed what is necessary to remedy or prevent the serious injury or disturbances, as defined in paragraphs 2 and 5(b). Those safeguard measures of the importing Parties or Pacific States may only consist of one or more of the following:

(a) suspension of the further reduction of the rate of import duty for the product concerned, as provided for under this Agreement;

(b) increase in the customs duty on the product concerned up to a level which does not exceed the customs duty applied to imports originating in other WTO Members, and

(c) introduction of tariff quotas on the product concerned.

4. Without prejudice to paragraphs 1, 2 and 3 above, where any product originating in one or more Pacific State(s) is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under subparagraphs 2(a), (b) and (c) above to one or several of the EC Party's Outermost Regions, the EC Party may take surveillance or safeguard measures limited to the region or regions concerned in accordance with the procedures laid down in paragraphs 6 to 9.

5. (a) Without prejudice to paragraphs 1, 2 and 3 above, where any product originating in the EC Party is being imported in such increased quantities and under such conditions as to cause or threaten to cause one of the situations referred to under subparagraphs 2(a), (b) and (c) above to a Pacific State, the Pacific State concerned may take surveillance or safeguard measures limited to its territory in accordance with the procedures laid down in paragraphs 6 to 9.

(b) A Pacific State may take safeguard measures where a product originating in the EC Party as a result of the reduction of duties is being imported into its territory in such increased quantities and under such conditions as to cause or threaten to cause disturbances to an infant industry producing like or directly competitive products. These measures shall be taken in order to promote development of productive and sustainable industries with a view to raising the general standard of living of the people. This provision is only applicable for a period of twenty years from the date of entry into force of this Agreement. Measures must be taken in accordance with the procedures laid down in paragraphs 6 to 9 except that the initial duration of measures may be of seven years in the case of non-Least Developed Countries (non-LDCs) with a joint review for a possible extension for further three years and in the case of Small Islands States and Pacific LDC States for twelve years with joint review for a possible extension for a further three years. No Pacific State shall, at any time, raise tariffs under this provision on goods originating in the EC Party on more than 3 per cent of tariff lines or on more than 15 per cent of the total value of goods originating in the EC Party calculated as the average value of imports over the last three years.

6. (a) Safeguard measures referred to in this Article shall only be maintained for such a time as may be necessary to prevent or remedy serious injury or disturbances as defined in paragraphs 2, 4 and 5 above.

(b) Safeguard measures referred to in this Article shall not be applied for a period exceeding two years. In exceptional circumstances, such measures may be extended for a further period of no more than two years. Where a Pacific State applies a safeguard measure, or where the EC Party applies a measure limited to the territory of one or more of its outermost regions, such measures may however be applied for a period not exceeding four years and, in exceptional circumstances, extended for a further period of four years.

(c) Safeguard measures referred to in this Article that exceed one year shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest.

(d) No safeguard measure referred to in this Article shall be applied to the import of a product that has previously been subject to such a measure, for a period of at least one year from the expiry of the measure.

7. For the implementation of the above paragraphs, the following provisions shall apply:

(a) Where the EC Party or a Pacific State takes the view that one of the circumstances set out in paragraphs 2, 4 and/or 5 exists, it shall immediately refer the matter to the Trade Committee for examination.

(b) The Trade Committee may make any recommendation needed to remedy the circumstances which have arisen. If no recommendation has been made by the Trade Committee aimed at remedying the circumstances, or no other satisfactory solution has been reached within 30 days of the matter being referred to the Trade Committee, the importing EC Party or the Pacific State may adopt the appropriate measures to remedy the circumstances in accordance with this Article.

(c) Before taking any measure provided for in this Article or, in the cases to which paragraph 8 of this Article applies, as soon as possible, the EC Party or the Pacific State concerned shall supply the Trade Committee with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the parties concerned.

(d) In the selection of safeguard measures pursuant to this Article, priority must be given to those which least disturb the operation of this Agreement.

(e) Any safeguard measure taken pursuant to this Article shall be notified immediately to the Trade Committee and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

8. Where exceptional circumstances require immediate action, the importing EC Party or Pacific State concerned may take the measures provided for in paragraph 3, 4 and/or 5 on a provisional basis without complying with the requirements of paragraph 7. Such action may be taken for a maximum period of 180 days where measures are taken by the EC Party and 200 days where measures are taken by the Pacific State, or where measures taken by the EC Party are limited to the territory of one or more of its outermost regions. The duration of any such provisional measure shall be counted as a part of the initial period and any extension referred to in paragraph 6. In the taking of such provisional measures, the interest of the Parties, and especially of Small Island States, shall be taken into account. The importing Party or Pacific State as the case may be shall inform the other party concerned and it shall immediately refer the matter to the Trade Committee for examination.

9. If an importing Party or Pacific State as the case may be subjects imports of a product to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows liable to give rise to the problems referred to in this Article, it shall inform the Trade Committee without delay.

10. Safeguard measures adopted under the provisions of this Article shall not be subject to WTO Dispute Settlement provisions.

CHAPTER 3

Non-tariff measures

Article 22

Prohibition of Quantitative Restrictions

Unless otherwise specified in this Agreement, all prohibitions or restrictions applying to the import or export of goods between the EC Party and the Pacific States, other than customs duties and taxes, and fees and other charges, whether made effective through quotas, import or export licenses or other measures, shall be eliminated upon the entry into force of this Agreement. No such new measures shall be introduced. The provisions of this Article shall be without prejudice to the provisions of Chapter 2 of Part II.

Article 23

National treatment on internal taxation and regulation

1. Imported products originating in the other Party shall not be subject, either directly or indirectly, to internal taxes or other internal charges of any kind in excess of those applied, directly or indirectly, to like national products. Moreover, the Parties shall not otherwise apply internal taxes or other internal charges so as to afford protection to national production.

2. Imported products originating in the other Party shall be accorded treatment no less favourable than that accorded to like national products in respect of all laws, regulations and requirements affecting their internal sale, offering for sale, purchase, transportation, distribution or use. The provisions of this paragraph shall not prevent the application of differential internal transportation charges which are based exclusively on the economic operation of the means of transport and not on the nationality of the product.

3. No Party shall establish or maintain any internal quantitative regulation relating to the mixture, processing or use of products in specified amounts or proportions which requires, directly or indirectly, that any specified amount or proportion of any product which is the subject of the regulation must be supplied from domestic sources. Moreover, no Party or Pacific State shall otherwise apply internal quantitative regulations so as to afford protection to national production.

4. The provisions of this Article shall not prevent the payment of subsidies or the granting of tax incentives for the purpose of developing industries to national producers, including payments to national producers derived from the proceeds of internal taxes or charges applied consistently with the provisions of this Article and subsidies implemented through governmental purchases of national products.

5. The provisions of this Article shall not apply to laws, regulations, procedures or practices governing public procurement.

Article 24

Agricultural export subsidies

1. With regard to any product as defined in paragraph 3, for which the Pacific States have committed to the elimination of customs duties, the EC Party undertakes to phase out existing subsidies granted upon the exportation of that product to the territories of the Pacific States.

2. Parties will consult each other no later than 18 December 2007 with a view to determining the modalities of the elimination of existing subsidies mentioned under paragraph 1.

3. This Article applies to products as covered by Annex 1 of the WTO Agreement on Agriculture.

CHAPTER 4

Customs and trade facilitation

Article 25

Objectives

The objectives of this Chapter are to:

(a) assist the integration of the Pacific States into the international economy, and in particular facilitate trade between the Parties;

(b) reinforce cooperation on customs issues with a view to ensuring that the relevant legislation and procedures, as well as the administrative capacity of the relevant administrations, enable the effective and efficient administration of customs, and facilitate trade.

Article 26

Relationship with Existing Programmes and Assistance

The Parties shall endeavour to coordinate and integrate their cooperation on trade facilitation and trade promotion with the work of other actors, regional organisations, and national bodies and organisations with the objective of avoiding unnecessary duplication of existing programmes and maximising the benefits from the resources devoted to trade facilitation, in particular, where appropriate, through:

(a) sharing of information between the Parties, actors, regional and international organisations and their members;

(b) utilisation of the expertise and resources of other regional or international organisations;

(c) cooperation between the Parties with and within other regional and international organisations;

(d) cooperation with other regional and international organisations in the development, establishment and implementation of international agreements on harmonised standards and procedures, or the establishment of new regional organisations;

(e) participation of other regional organisations, and their members, in the trade facilitation and trade promotion programme; and

(f) any other form of cooperation, coordination or integration of activities the Parties decide is appropriate.

Article 27

Customs and administrative cooperation

1. The Parties agree to:

(a) exchange information concerning customs legislation and procedures;

(b) develop joint initiatives in mutually agreed areas;

(c) establish, wherever possible, common positions on customs issues in international fora;

(d) promote coordination between all related agencies, both internally and across borders.

2. Notwithstanding paragraph 1, the administrations of the Parties shall provide mutual administrative assistance in customs matters in accordance with the provisions of Protocol I.

Article 28

Customs procedures

1. Article 44

(a) there is a serious decline or an imminent threat of serious decline in its monetary reserves, or in the case of a Pacific State with very low monetary reserves, its monetary reserves have failed to achieve a reasonable rate of increase;

(b) there is a serious decline in its fiscal position due to a decline in government revenue from the collection of customs duties; or

(c) there has been a natural disaster that has or is likely to cause a serious decline in government revenue or private sector revenue,

that Party or Pacific State may impose or increase tariffs for the minimum period necessary and to the minimum extent necessary to arrest or prevent the serious decline in reserves, or to enable reserves to increase at a reasonable rate, or to arrest or prevent a serious decline in the fiscal position.

2. The Pacific States and the EC Party shall endeavour to avoid the application of the restrictive measures referred to in paragraph 1.

3. Parties or Pacific States applying restrictions under this Article may determine the incidence of the restrictions on imports of different products or classes of products in such a way as to give priority to the importation of those products which are more essential.

4. Any restrictive measure adopted or maintained under this Article shall be consistent with any WTO and IMF obligations of the Party or Pacific State adopting or maintaining the restrictive measure. The Party or Pacific State adopting and maintaining the restrictive measure shall take all reasonable steps to ensure that the measure does not disproportionately impact on imports covered by this Agreement from another Party.

5. Any restricted measure adopted or maintained under this Article shall be non-discriminatory, of limited duration, shall not go beyond what is necessary to remedy the balance of payments and external financial situation and shall:

(a) avoid unnecessary damage to the commercial or economic interests of any other Party or Pacific State;

(b) not prevent unreasonably the importing of any goods in minimum commercial quantities, the exclusion of which would impair regular channels of trade; and

(c) not prevent the importing of commercial samples or prevent compliance with patent, trade mark, copyright, or similar procedures.

6. Any Pacific State or the EC Party maintaining or having adopted restrictive measures, or any changes thereto, shall promptly notify them to the Party or Pacific States from which the affected imports originate and present, as soon as possible, a time schedule for their removal.

7. Consultation shall be held promptly between the Party or Pacific State adopting and maintaining the restrictive measure and the Party or Pacific States from which the affected imports originate. Such consultations shall assess the balance of payments situation of the concerned Pacific State or the EC Party and the restrictions adopted or maintained under this Article, taking into account, inter alia, such factors as:

(a) the nature and extent of the balance of payments and the external financial difficulties;

(b) the external economic and trading environment;

8. If there is a persistent and widespread application of restrictions under this Article, indicating the existence of a general disequilibrium which is restricting international trade, the EC Party and the Pacific States shall review the Agreement to consider whether other measures might be taken to remove the underlying causes of the disequilibrium.

Article 46

Food security

2. Where compliance with the provisions of this Agreement leads to problems with the availability of, or access to, foodstuffs or other products essential to ensure food security of a Party or Pacific State and where this situation gives rise or is likely to give rise to major difficulties for such a Party or Pacific State, that Party or Pacific State may take appropriate measures in accordance with the procedures laid down in Article 21, paragraph 2(c).

3. Consultations shall be held within 40 days of the date of the submission of the request. The consultations shall be deemed concluded within 60 days of the date of the submission of the request, unless both Parties to the dispute agree to continue consultations. All information disclosed during the consultations shall remain confidential.

4. Consultations on matters of urgency, including those regarding perishable or seasonal goods shall be held within 15 days of the date of the submission of the request, and shall be deemed concluded within 30 days of the date of the submission of the request.

5. If consultations are not held within the timeframes laid down in this Article, or if consultations have been concluded and no agreement has been reached on a mutually agreed solution, the complaining Party may request the establishment of an arbitration panel in accordance with Article 51.

Article 50

Mediation

1. If consultations fail to produce a mutually agreed solution, the Parties to the dispute may, by agreement, seek recourse to a mediator. Unless the Parties to the dispute agree otherwise, the terms of reference for the mediation shall be the matter referred to in the request for consultations.

2. Unless the Parties to the dispute agree on a mediator within ten days of the date of the agreement to request mediation, the presiding co-chair of the Trade Committee, or his or her delegate, shall select by lot a mediator from the pool of individuals who are on the list referred to in Article 65 and are not nationals of either Party to the dispute. The mediator will convene a meeting with the Parties to the dispute no later than 30 days after being selected. The mediator shall receive the submissions of each Party to the dispute no later than 15 days before the meeting and notify an opinion no later than 45 days after having been selected.

3. The mediator's opinion may include a recommendation on how to resolve the dispute consistent with the provisions of this Agreement. The mediator's opinion is non-binding.

4. The Parties to the dispute may agree to amend the time limits referred to in paragraph 2. The mediator may also decide to amend these time limits upon request of any of the Parties to the dispute or on his own initiative, given the particular difficulties experienced by the Party concerned or the complexities of the case.

5. The proceedings involving mediation, in particular all information disclosed and positions taken by the Parties to the dispute during these proceedings shall remain confidential.

2. The request for the establishment of an arbitration panel shall be made in writing to the Party complained against and the Trade Committee. The complaining Party or Pacific State shall identify in its request the specific measures at issue, and it shall explain how such measures constitute a breach of the provisions of this Agreement.

Article 52

Establishment of the arbitration panel

1. An arbitration panel shall be composed of three arbitrators.

2. Within ten days of the date of the submission of the request for the establishment of an arbitration panel to the Trade Committee, the Parties to the dispute shall consult each other in order to reach an agreement on the composition of the arbitration panel.

3. In the event that the Parties to the dispute are unable to agree on its composition within the time frame laid down in paragraph 2, either Party may request the presiding co-chair of the Trade Committee, or her or his delegate, to select all three members by lot from the list established under Article 65, one among the individuals proposed by the complaining Party or Pacific State, one among the individuals proposed by the Party or Pacific State complained against and one among the individuals selected by the Parties to act as chairperson. Where the Parties agree on one or more of the members of the arbitration panel, any remaining members shall be selected by the same procedure.

4. The presiding co-chair of the Trade Committee, or her or his delegate, shall select the arbitrators within five days of the request referred to in paragraph 3 by either Party and in the presence of a representative of each Party.

Where it considers that this deadline cannot be met, the chairperson of the arbitration panel must notify the Parties to the dispute and the Trade Committee in writing, stating the reasons for the delay and the date on which the panel plans to conclude its work. Under no circumstances should the ruling be notified later than 180 days from the date of the establishment of the arbitration panel.

2. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall make every effort to notify its ruling within 75 days from the date of its establishment. Under no circumstance should it take longer than 90 days from its establishment. The arbitration panel may give a preliminary ruling within 10 days of its establishment on whether it deems the case to be urgent.

Section II

Compliance

Article 55

Compliance with the arbitration panel ruling

Each Party to the dispute or as the case may be, the relevant Pacific State shall take any measure necessary to comply with the arbitration panel ruling, and the Parties to the dispute will endeavour to agree on the period of time to comply with the ruling.

The reasonable period of time for compliance

1. No later than 30 days after the notification of the arbitration panel ruling to the Parties to the dispute, the Party complained against shall notify the complaining Party and the Trade Committee of the time it will require for compliance (reasonable period of time).

2. If there is disagreement between the Parties to the dispute on the reasonable period of time to comply with the arbitration panel ruling, the complaining Party shall, within 20 days of the notification made under paragraph 1, request in writing the arbitration panel to determine the length of the reasonable period of time. Such request shall be notified simultaneously to the other Party to the dispute and to the Trade Committee. The arbitration panel shall notify its ruling to the Parties to the dispute and to the Trade Committee within 30 days from the date of the submission of the request.

3. The arbitration panel shall, in determining the length of the reasonable period of time, take into consideration the length of time that it will normally take the Party complained against or, as the case may be, the relevant Pacific State to adopt comparable legislative or administrative measures to those identified by such Party or as the case may be, the relevant Pacific State as being necessary to ensure compliance. The arbitration panel shall also take into consideration capacity constraints which may affect the defending Party's adoption of the necessary measures.

4. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 52 shall apply. The time limit for notifying the ruling shall be 45 days from the date of the submission of the request referred to in paragraph 2.

5. The reasonable period of time may be extended by agreement of the Parties to the dispute.

Article 57

Review of any measure taken to comply with the arbitration panel ruling

1. The Party complained against shall notify the other Party and the Trade Committee before the end of the reasonable period of time of any measure that it has taken to comply with the arbitration panel ruling.

2. In the event that there is disagreement between the Parties to the dispute concerning the compatibility of any measure notified under paragraph 1, with the provisions of this Agreement, the complaining Party may request in writing the arbitration panel to rule on the matter. Such request shall identify the specific measure at issue and it shall explain how such measure is incompatible with the provisions of this Agreement. The arbitration panel shall notify its ruling within 90 days of the date of the submission of the request. In cases of urgency, including those involving perishable and seasonal goods, the arbitration panel shall notify its ruling within 45 days of the date of the submission of the request.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures set out in Article 52 shall apply. The time limit for notifying the ruling shall be 105 days from the date of the submission of the request referred to in paragraph 2.

Article 58

Temporary remedies in case of non-compliance

1. If the Party or Pacific State concerned fails to notify any measure taken to comply with the arbitration panel ruling before the expiry of the reasonable period of time, or if the arbitration panel rules that the measure notified under Article 57, paragraph 1 is not compatible with the provisions of this Agreement, the Party complained against or, as the case may be, the relevant Pacific State shall, if so requested by the complaining Party or Pacific State, present an offer for compensation. Such compensation may include or consist of financial compensation although nothing in this Agreement shall oblige the Party complained against, or as the case may be, the relevant Pacific State, to offer such financial compensation.

2. If no agreement on compensation is reached within 30 days of the end of the reasonable period of time or of the arbitration panel's ruling under Article 57 that a measure taken to comply is not compatible with the provisions of this Agreement, the complaining Party or Pacific State shall be entitled, upon notification to the other Party, to adopt appropriate measures. Such measures may be adopted either by the complaining Party, or as the case may be, the relevant Pacific State.

3. In adopting appropriate measures, the complaining Party, or as the case may be, the relevant Pacific State, shall select measures proportionate to the violation that least affect the attainment of the objectives of this Agreement and shall take into consideration their impact on the economy or development of the Party or individual Pacific States complained against.

4. The EC Party shall exercise due restraint in adopting appropriate measures pursuant to paragraphs 1 and 2 of this Article, in particular, where the failure to comply with the Agreement stems from capacity constraints.

5. Compensation or appropriate measures shall be temporary and shall be applied only until any measure found to violate the provisions of this Agreement has been withdrawn or amended so as to bring it into conformity with those provisions or until the Parties have agreed to settle the dispute.

Article 59

Review of any measure taken to comply after the adoption of appropriate measures

1. The Party or Pacific State complained against shall notify the other Party or Pacific State to the dispute and the Trade Committee of any measure it has taken to comply with the ruling of the arbitration panel and of its request for an end to application of appropriate measures by the complaining Party or Pacific State.

2. If the Parties to the dispute do not reach an agreement on the compatibility of the notified measure with the provisions of this Agreement within 30 days of the date of the submission of the notification, the complaining Party or Pacific State shall request in writing the arbitration panel to rule on the matter. Such request shall be notified to the other Party or Pacific State to the dispute and to the Trade Committee. The arbitration panel ruling shall be notified to the Parties to the dispute and to the Trade Committee within 45 days of the date of the submission of the request. If the arbitration panel rules that any measure taken to comply is not in conformity with the provisions referred to in this Agreement, the arbitration panel will determine whether the complaining Party or, as the case may be, the relevant Pacific State can continue to apply appropriate measures. If the arbitration panel rules that any measure taken to comply is in conformity with the provisions of this Agreement, the appropriate measures shall be terminated.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 52 shall apply. The period for notifying the ruling shall be 60 days from the date of the submission of the request referred to in paragraph 2.

Section III

2. The Parties may decide to modify the Rules of Procedure and the Code of Conduct.

The arbitration shall also have the right to seek the relevant opinion of experts as it deems appropriate. Interested parties are authorised to submit amicus curiae briefs to the arbitration panels in accordance with the Rules of Procedure. Any information obtained in this manner must be disclosed to each of the Parties to the dispute and submitted for their comments.

Article 63

Languages of the submissions

1. The written and oral submissions of the Parties to the dispute shall be made in any of the official languages of the Parties.

2. The Parties shall endeavour to agree on a common working language for any specific proceedings under this Part. If the Parties are unable to agree on a common working language, each Party or Pacific State shall arrange for and bear the costs of the translation of its submitted documents and interpretation at the hearings into the language chosen by the Party or Pacific State complained against, unless such language is an official language of that Party or Pacific State ([1]).

Article 64

Arbitration panel rulings

1. The arbitration panel shall make every effort to take any decision by consensus. Where, nevertheless, a decision cannot be arrived at by consensus, the matter at issue shall be decided by majority vote.

2. The ruling shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the reasoning behind any findings and conclusions that it makes. The Trade Committee shall make the arbitration panel rulings publicly available unless it decides not to do so.

([1]) The official language of the Pacific States is English and the official languages of the EC Party are those indicated in Article 81.

1. The Trade Committee shall, not later than three months after the provisional application of this Agreement, establish a list of 15 individuals who are willing and able to serve as arbitrators. Each of the Parties shall select five individuals to serve as arbitrators. The two Parties shall also agree on five individuals who are not nationals of either Party and who shall act as chairpersons of the arbitration panel. The Trade Committee will ensure that the list is always maintained at this level.

2. Arbitrators shall have specialised knowledge or experience of law and international trade. They shall be independent, serve in their individual capacities and not take instructions from any organisation or government, or be affiliated with the government of any of the Parties, and shall comply with the Code of Conduct annexed to the Rules of Procedures.

Article 66

Relation with WTO obligations

1. Arbitration bodies set up under this Agreement shall not arbitrate disputes on each Party's or, as the case may be the relevant Pacific State's rights and obligations under the Agreement establishing the WTO.

2. Recourse to the dispute settlement provisions of this Agreement shall be without prejudice to any action in the WTO framework, including dispute settlement action. However, where a Party, or as the case may be, the relevant Pacific State has, with regard to a particular measure, instituted a dispute settlement proceeding, either under Article 51(1) of this Agreement or under the WTO Agreement, it may not institute a dispute settlement proceeding regarding the same measure in the other forum until the first proceeding has ended. For purposes of this paragraph, dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's or, as the case may be, Pacific State's request for the establishment of a panel under Article 6 of the Understanding on Rules and Procedures Governing the Settlement of Disputes of the WTO.

3. Nothing in this Agreement shall preclude a Party or Pacific State from implementing the suspension of obligations authorised by the Dispute Settlement Body of the WTO. Nothing in the WTO Agreement shall preclude Parties from suspending benefits under this Agreement.

Article 67

Time-limits

1. All time limits laid down in this Part, including the limits for the arbitration panels to notify their rulings, shall be counted in calendar days from the day following the act or fact to which they refer.

2. Any time limit referred to in this Part may be extended by mutual agreement of the Parties to the dispute.

PART IV

INSTITUTIONAL PROVISIONS

Article 68

Trade Committee

1. A Trade Committee is hereby established that is composed of representatives of the Parties.

2. The Trade Committee shall establish its rules of procedure and be co-chaired by a representative of the EC Party and a representative from the Pacific States. The two co-chairs shall alternate in presiding the meetings. Whoever is presiding a meeting shall be considered 'presiding co-chair' for the purposes of this Agreement until the moment in time when the next meeting commences and the role of a presiding co-chair shall be assumed by the other Party.

3. The Trade Committee shall deal with all matters necessary for the implementation of this Agreement.

4. In the performance of its functions, the Trade Committee may:

(a) set up and oversee any special committees or bodies necessary for the implementation of this Agreement;

(b) meet at any time agreed by the Parties;

(c) consider any issues under this Agreement and take appropriate action in the exercise of its functions; and

(d) take decisions or make recommendations in cases provided for in this Agreement.

5. The Trade Committee will delegate specific implementing decision-making powers to the special committees as provided for in the relevant provisions of the Agreement, in particular the Special Committee on Customs Cooperation and Rules of Origin.

PART V

GENERAL AND FINAL PROVISIONS

Article 69

Modalities for the continuation of negotiations

1. The EC Party and the Pacific States covered by this Agreement are committed to the continuation and successful conclusion of the currently ongoing negotiations for a comprehensive Economic Partnership Agreement (EPA) in line with the Cotonou Agreement and previous Ministerial Declarations and Conclusions, including all components and involving all interested countries in the Pacific region. They confirm their commitment to the objective of concluding those negotiations by 31 December 2008.

2. The Parties recognise that development cooperation will be a crucial element of the comprehensive EPA and an essential factor for the realisation of its objectives. They reaffirm their commitment to supporting the objective that development cooperation for regional economic cooperation and integration as provided for in the Cotonou Agreement shall be carried out so as to maximise the expected benefits of the comprehensive EPA.

3. The Parties note that this Interim Partnership Agreement does not predetermine the positions that the region will be taking in the negotiations for a comprehensive EPA on development cooperation. They agree that provisions on development cooperation will be finalised in the wider context of the Pacific ACP States as soon as possible. In the meantime, they further agree to cooperate closely at the national level within the framework of the existing structures as set out in the Cotonou Agreement to facilitate implementation and the realisation of benefits and maximise the synergies between development cooperation and the objectives of this Agreement.

4. The full Economic Partnership Agreement shall, upon its entry into force, replace this Agreement which will then cease to exist.

Article 70

1. For the purposes of this Agreement the 'Contracting Parties' shall be the European Community, referred to as the 'EC Party', on the one part, and Papua New Guinea and the Republic of the Fiji Islands, referred to as the 'Pacific States', on the other part.

2. For the purposes of this Agreement:

(a) the term 'Parties' shall refer to the Pacific States listed in paragraph 1 acting collectively and the EC Party. The term 'Party' shall refer to the Pacific States listed in paragraph 1 acting collectively or the EC Party, as the case may be;

(b) the term 'Pacific States' shall refer to the Pacific States listed in paragraph 1 acting individually.

3. For the purposes of this Agreement, where applicable 'Small Island States' means the Cook Islands, Kiribati, Nauru, Niue, Palau, Republic of Marshall Islands and Tuvalu.

4. For the purposes of this Agreement, 'least developed country' means any Pacific State designated by the United Nations as a least developed country on the entry into force of this Agreement.

5. The Pacific States and the EC Party shall adopt any general or specific measures required for them to fulfil their obligations under this Agreement and shall ensure that they comply with the objectives laid down in this Agreement.

Article 71

Coordinators and exchange of information

1. In order to facilitate communication and to ensure the effective implementation of the Agreement the Parties shall designate a coordinator within a reasonable period of time after the provisional application of this Agreement. The designation of coordinators is without prejudice to the specific designation of competent authorities under specific Titles or Chapters of this Agreement.

2. On the request of the Parties, the coordinators shall indicate the office or official responsible for any matter pertaining to the implementation of this Agreement and provide the required support to facilitate communication with the requesting Party.

3. On request of the other Party, and to the extent legally possible, the Parties through their coordinators shall provide information and reply promptly to any question relating to an actual or proposed measure that might affect trade between the Parties.

4. The EC Party and the Pacific States shall ensure that their laws, regulations, procedures and administrative rulings of general application relating to any trade matter covered by this Agreement are promptly published or made publicly available, which may include making the information available on the official, publicly and fee-free accessible websites of the EC Party or Pacific States concerned. Such measures shall also be brought to the attention of the other Party.

5. Without prejudice to specific transparency provisions in this Agreement, the information referred to in paragraph 4 shall be considered to have been brought to the attention of the other Party when the information has been made available by appropriate notification to the WTO and to the coordinator of the Pacific States.

Article 72

Regional preference

1. Nothing in this Agreement shall oblige the EC Party or a Pacific State to extend to another Party to this Agreement any more favourable treatment applied by the EC Party or a Pacific State as part of its respective regional integration process.

2. Any more favourable treatment and advantage that may be granted under this Agreement by any Pacific State to the EC Party shall also be provided to all other Pacific States which are a Party to this Agreement.

Article 73

Relations with the Cotonou Agreement

1. With the exception of development cooperation provisions provided for in Title II of Part 3 of the Cotonou Agreement, in case of any inconsistency between the provisions of this Agreement and the provisions of Title II of Part 3 of the Cotonou Agreement, the provisions of this Agreement shall prevail.

2. Nothing in this Agreement shall be construed so as to prevent the application of all provisions of the Cotonou Agreement outside Title II of Part 3 and according to the procedures set by the said Agreement.

Article 74

Relations with the WTO Agreement

The EC Party and the Pacific States agree that nothing in this Agreement requires the EC Party or the Pacific States, where applicable, to act in a manner inconsistent with their existing WTO obligations.

Article 75

Relationship with Other International Agreements

Nothing in this Agreement shall be regarded as exempting any Party from its existing obligations, or abrogating the rights of any Party, under any existing international agreement, unless a contrary intention is expressly stated.

Article 76

Entry into force and duration

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties have notified each other in writing that their respective internal procedures necessary for its entry into force have been completed.

2. Pending entry into force of the Agreement, the EC Party and Pacific States agree to provisionally apply the Agreement. Such application may be undertaken by provisional application pursuant to the laws of the EC Party and of the Pacific States or by ratification of the Agreement. The Agreement shall be applied provisionally 10 days after the Contracting Parties have notified each other in writing of the completion of the procedures necessary for this purpose.

3. Where a Pacific State accedes to this Agreement, the Agreement shall be applied provisionally in the same manner as foreseen in paragraph 2, once the EC Party and that Pacific State have given notice accordingly.

4. Notwithstanding paragraph 2, the EC Party and the Pacific States may take steps to apply the Agreement, before provisional application, to the extent feasible.

5. Any Party may give written notice to the other of its intention to denounce this Agreement.

6. Denunciation shall take effect twelve months after notification to the other Party.

Article 77

Territorial application

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Community applies and under the conditions laid down in that Treaty, and, on the other hand, to the territories of the Pacific States. References in this Agreement to 'territory' shall be understood in this sense.

Article 78

Revision clause

The Trade Committee may review this Agreement, its implementation, operation and performance where necessary and make appropriate suggestions to the Parties for its amendment.

Article 79

Outermost regions and the European Community

Nothing in this Agreement shall prevent the EC Party from applying existing measures aimed at addressing the structural, social and economic situation of the outermost region pursuant to Article 299(2) of the Treaty establishing the European Community.

Article 80

Accession of the Pacific Islands

1. This Agreement shall remain open for accession of all Pacific Island States party to the Cotonou Agreement and Pacific Islands whose structural characteristics and economic and social situation are comparable to those of the countries which are Parties to the Cotonou Agreement on the basis of the submission of a GATT 1994 Article XXIV compliant market access offer. ANNEX I

CUSTOMS DUTIES ON PRODUCTS ORIGINATING IN PACIFIC STATES

1. Without prejudice to paragraphs 2, 4, 5, 6 and 7 customs duties of the EC Party (hereinafter 'EC customs duties') shall be entirely eliminated on all products of Chapters 01 to 97 of the Harmonised System, except those of Chapter 93 thereof, originating in a Pacific State. For products of Chapter 93 the EC Party shall continue to impose the applied MFN duties. For indicative purposes the schedule of EC customs duties applicable to products originating in a Pacific State is appended to this Annex.

2. EC customs duties on the products of tariff heading 1006 (rice) originating in the Pacific States shall be eliminated as from 1 January 2010, with the exception of EC customs duties on the products of subheading 1006 10 10 which shall be eliminated as from the entry into force of this Agreement.

3. The EC Party and the Pacific States agree that the provisions of Protocol 3 of the Cotonou Agreement (hereinafter the 'Sugar Protocol') shall remain applicable until 30 September 2009, and that thereafter the Sugar Protocol shall no longer be in force between them. For the purposes of Article 4(1) of the Sugar Protocol, the delivery period 2008/9 will last from 1 July 2008 to 30 September 2009. The guaranteed price for 1 July to 30 September 2009 shall be decided following the negotiation provided for in Article 5(4).

4. EC Customs duties on products of tariff heading 1701 (sugar) originating in a Pacific State shall be eliminated as from 1 October 2009. Until EC customs duties are entirely eliminated, and in addition to the allocations of tariff rate quotas at zero duty set out in the Sugar Protocol, a tariff rate quota at zero duty of 30 000 tonnes shall be opened for marketing year [1] 2008/2009 for products of tariff heading 1701, white sugar equivalent, originating in the Pacific States. No import license shall be granted with regard to products to be imported under this additional tariff rate quota, unless the importer undertakes to purchase such products at a price at least equal to the guaranteed prices fixed for sugar imported into the EC Party under the Sugar Protocol.

5. (a) The EC Party may, during the period between 1 October 2009 and 30 September 2015 impose the applied Most Favoured Nation duty on the products of tariff heading 1701 (sugar) originating in Pacific States, imported in excess of the following levels expressed in white sugar equivalent, which are deemed to cause a disturbance in the EC Party sugar market:

   (i) 3,5 million tonnes in a marketing year of such products originating in States members of the African, Caribbean and Pacific Group of States (ACP States) signatory to the Cotonou Agreement, and

   (ii) 1,38 million tonnes in marketing year 2009/2010 of such products originating in ACP States that are not recognised by the United Nations as least developed countries. The figure of 1,38 million tonnes shall increase to 1,45 million tonnes in marketing year 2010/2011, and 1,6 million tonnes in the following four marketing years.

   (b) The importation of products of tariff heading 1701 originating in any Pacific State that is recognised by the United Nations as a least developed country shall not be subject to the provisions of subparagraph 5(a). However, such imports shall remain subject to the provisions of Article 21 [2].

   (c) The imposition of the applied Most Favoured Nation duty shall cease at the end of the marketing year during which it was introduced.

   (d) Any measure taken pursuant to this paragraph shall be notified immediately to the Trade Committee and shall be the subject of periodic consultations within that body.

6. As of 1 October 2015, for the purpose of the application of the provisions of Article 21, disturbances in the markets of products of tariff heading 1701 may be deemed to arise in situations where the European Community market price of white sugar falls during two consecutive months below 80 percent of the European Community market price for white sugar prevailing during the previous marketing year.

---

[1] For the purpose of paragraphs 4, 5, 6 and 7 'marketing year' means the period between 1 October and 30 September.

[2] For this purpose and by derogation from Article 21, an individual Pacific State recognised by the United Nations as a least developed country may be subject to safeguard measures.

7. From 1 January 2008 until 30 September 2015 products of tariff heading 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 shall be subject to a special surveillance mechanism in order to ensure that the arrangements provided for in paragraph 4 and 5 are not circumvented. In the event of a cumulative increase of imports of such products originating in Pacific States by more than 20 percent in volume during a period of 12 consecutive months compared to the average of the yearly imports over the three previous 12 month periods, the EC Party shall analyse the pattern of trade, the economic justification and the sugar content of such imports and, if it considers that such imports are used to circumvent the arrangements provided for in paragraphs 4 and 5, it may suspend the preferential treatment and introduce the specific MFN duty applied to imports pursuant to the European Community Common Customs Tariff for products of tariff heading 1704 90 99, 1806 10 30, 1806 10 90, 2106 90 59 and 2106 90 98 originating in Pacific States. Subparagraphs 5(b), (c) and (d) shall apply mutatis mutandis to actions under this paragraph.

8. Between 1 October 2009 and 30 September 2012 with regard to the products of CN code 1701, no preferential import license shall be granted unless the importer undertakes to purchase such products at a price not lower than 90 percent of the reference price set by the EC Party for the relevant marketing year.

9. Paragraph 1 shall not apply to products of tariff heading 0803 00 19 originating in PACP States and released for free circulation in the outermost regions of the EC Party. Paragraphs 1, 3, 4 and 5 shall not apply to products of tariff heading 1701 originating in Pacific States and released for free circulation in the French overseas departments. These provisions shall be applicable for a period of 10 years. These periods shall be extended for a further period of 10 years unless the Parties agree otherwise.

(a) whether goods exported from the territory of the Pacific States or the EC Party have been properly imported into the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods;

(b) whether goods imported into the territory of the Pacific States or the EC Party have been properly exported from the territory of the other Party, specifying, where appropriate, the customs procedure applied to the goods.

3. At the request of the applicant authority, the requested authority shall, within the framework of its legal or regulatory provisions, take the necessary steps to ensure special surveillance of:

(a) natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation;

(b) places where stocks of goods have been or may be assembled in such a way that there are reasonable grounds for believing that these goods are intended to be used in operations in breach of customs legislation;

(c) goods that are or may be transported in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation; and

(d) means of transport that are or may be used in such a way that there are reasonable grounds for believing that they are intended to be used in operations in breach of customs legislation.

Article 4

Spontaneous assistance

The Parties and the Pacific States shall assist each other, on their own initiative and in accordance with their legal or regulatory provisions, if they consider that to be necessary for the correct application of customs legislation, particularly by providing information obtained pertaining to:

— activities which are or appear to be operations in breach of customs legislation and which may be of interest to the other Party or a Pacific State,

— new means or methods employed in carrying out operations in breach of customs legislation,

— goods known to be subject to operations in breach of customs legislation,

— natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation, and

— means of transport in respect of which there are reasonable grounds for believing that they have been, are, or may be used in operations in breach of customs legislation.

Article 5

Delivery and notification

At the request of the applicant authority, the requested authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures in order:

— to deliver any documents, or

— to notify any decisions,

emanating from the applicant authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the requested authority.

Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the requested authority or in a language acceptable to that authority.

Article 6

Form and substance of requests for assistance

1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.

2. Requests pursuant to paragraph 1 shall include the following information:

(a) the applicant authority;

(b) the measure requested;

(c) the object of and the reason for the request;

(d) the legal or regulatory provisions and other legal elements involved;

(e) indications as exact and comprehensive as possible on the natural or legal persons who are the target of the investigations; and

(f) a summary of the relevant facts and of the enquiries already carried out.

3. Requests shall be submitted in an official language of the requested authority or in a language acceptable to that authority. This requirement shall not apply to any documents that accompany the request under paragraph 1.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested. In the meantime precautionary measures may be ordered.

Article 7

Execution of requests

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party or Pacific State, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party or Pacific State.

3. Duly authorised officials of a Party or Pacific State may, with the agreement of the other Party involved and subject to the conditions laid down by the latter, be present in the offices of the requested authority or any other concerned authority in accordance with paragraph 1 to obtain information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

4. Duly authorised officials of a Party or Pacific State involved may, with the Agreement of the other Party or Pacific State involved and subject to the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

Article 8

Form in which information is to be communicated

1. The requested authority shall communicate results of enquiries to the applicant authority in writing together with relevant documents, certified copies or other items.

2. This information may be in computerised form.

3. Original documents shall be transmitted only upon request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

Article 9

Exceptions to the obligation to provide assistance

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Pacific State or the EC Party is of the opinion that assistance under this Protocol would:

(a) be likely to prejudice the sovereignty of a Pacific State or that of a Member State of the European Community which has been requested to provide assistance under this Protocol; or

(b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or

(c) violate an industrial, commercial or professional secret.

2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons thereof must be communicated to the applicant authority without delay.

Article 10

Information exchange and confidentiality

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties or the Pacific States. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Party or the Pacific State that received it and the corresponding provisions applying to the European Community authorities.

2. Personal data may be exchanged only where the Party or the Pacific State which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Party or the Pacific State that may supply them. To that end, parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the European Community.

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties or the Pacific States may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties or Pacific State wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

Article 11

Experts and witnesses

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

Article 12

Assistance expenses

The Parties or Pacific States shall waive all claims against each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses of experts and witnesses, and those of interpreters and translators who are not public service employees.

Article 13

Implementation

1. The implementation of this Protocol shall be entrusted on the one hand to the customs authorities of the Pacific States and on the other hand to the competent services of the Commission of the European Communities and the customs authorities of the Member States as appropriate. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

2. The Parties and the Pacific States shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

Article 14

Other Agreements

1. Taking into account the respective competences of the European Community and the Member States, the provisions of this Protocol shall:

— not affect the obligations of the Parties and the Pacific States under any other international agreement or convention,

— be deemed complementary to Agreements on mutual assistance which have been or may be concluded between individual Member States of the European Community and Pacific States, and shall

— not affect the European Community provisions governing the communication between the competent services of the Commission of the European Communities and the customs authorities of the Member States of the European Community of any information obtained under this Protocol which could be of interest to the European Community.

2. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral agreement on mutual assistance which has been or may be concluded between individual Member States of the European Community and any Pacific State in so far as the provisions of the latter are incompatible with those of this Protocol.

3. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the Trade Committee set up under Article 68 of this Agreement.

TITLE II

DEFINITION OF THE CONCEPT OF 'ORIGINATING PRODUCTS'

Article 2

General requirements

1. For the purpose of the Interim Partnership Agreement, hereinafter referred to as 'the Agreement' the following products shall be considered as originating in the European Community:

(a) products wholly obtained in the European Community within the meaning of Article 5 of this Protocol;

(b) products obtained in the European Community incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in the European Community within the meaning of Article 6.

2. For the purpose of the Agreement, the following products shall be considered as originating in a Pacific State:

(a) products wholly obtained in a Pacific State within the meaning of Article 5 of this Protocol;

(b) products obtained in a Pacific State incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in that Pacific State within the meaning of Article 6.

Article 3

Cumulation in the European Community

1. Without prejudice to the provisions of Article 2(1), products shall be considered as originating in the European Community if they are obtained there, incorporating materials originating in a Pacific State, in the other ACP States or in the OCTs, provided the working or processing carried out in the European Community goes beyond the operations referred to in Article 7. It shall not be necessary for such materials to have undergone sufficient working or processing.

2. Where the working or processing carried out in the European Community does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in the European Community only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 1. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture in the European Community.

3. Products originating in one of the countries or territories referred to in paragraphs 1 and 2, which do not undergo any working or processing in the European Community, retain their origin if exported into one of these countries or territories.

4. For the purpose of implementing Article 2(1)(b), working or processing carried out in a Pacific State, in the other ACP States or in the OCT shall be considered as having been carried out in the European Community when the products obtained undergo subsequent working or processing in the European Community. Where pursuant to this provision the originating products are obtained in two or more of the countries or territories concerned, they shall be considered as originating in the European Community only if the working or processing goes beyond the operations referred to in Article 7.

5. Where the working or processing carried out in the European Community does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in the European Community only where the value added there is greater than the value of the materials used in any one of the other countries or territories referred to in paragraph 4. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of materials used in the manufacture.

6. The cumulation provided in this Article may only be applied provided that:

(a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

(b) materials and products have acquired originating status by the application of the rules of origin identical to those given in this Protocol;

(c) the European Community will provide the Pacific States, through the European Commission, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article. The European Commission shall publish in the *Official Journal of the European Union* (C series) and the Pacific States shall publish according to their own procedures, the date on which the cumulation provided for in this Article may be applied with those countries or territories listed in this Article which have fulfilled the necessary requirements.

7. The cumulation provided for in this Article may only be applied after 1 October 2015 for the products listed in Annex IX and after 1 January 2010 for rice of tariff heading 1006 respectively.

Article 4

Cumulation in the Pacific States

1. Without prejudice to the provisions of Article 2(2), products shall be considered as originating in a Pacific State if they are obtained there, incorporating materials originating in the European Community, in the other ACP States, in the OCT or in the other Pacific States, provided the working or processing carried out in that Pacific State goes beyond that of the operations referred to in Article 7. It shall not be necessary for such materials to have undergone sufficient working or processing.

2. Where the working or processing carried out in the Pacific State does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in that Pacific State only where the value added there is greater than the value of the materials used originating in any one of the other countries or territories referred to in paragraph 1. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of originating materials used in the manufacture in that Pacific State.

3. Products originating in one of the countries or territories referred to in paragraphs 1 and 2 of this Article, which do not undergo any working or processing in the Pacific State, retain their origin if exported into one of these countries or territories.

4. For the purpose of implementing Article 2(2)(b), working or processing carried out in the European Community, in the other Pacific States, in the other ACP States or in the OCT shall be considered as having been carried out in a Pacific State when the products obtained undergo subsequent working or processing in this Pacific State. Where pursuant to this provision the originating products are obtained in two or more of the countries or territories concerned, they shall be considered as originating in this Pacific State only if the working or processing goes beyond the operations referred to in Article 7.

5. Where the working or processing carried out in the Pacific State does not go beyond the operations referred to in Article 7, the product obtained shall be considered as originating in that Pacific State only where the value added there is greater than the value of the materials used in any one of the other countries or territories referred to in paragraph 4. If this is not so, the product obtained shall be considered as originating in the country or territory which accounts for the highest value of materials used in the manufacture.

6. The cumulation provided in this Article may only be applied provided that:

(a) the countries involved in the acquisition of the originating status and the country of destination have concluded an agreement on administrative cooperation which ensures a correct implementation of this Article;

(b) materials and products have acquired originating status by the application of the rules of origin identical to those given in this Protocol;

(c) the Pacific States will provide the European Community, through the European Commission, with details of agreements on administrative cooperation with the other countries or territories referred to in this Article. The European Commission shall publish in the *Official Journal of the European Union* (C series) and the Pacific States shall publish according to their own procedures, the date on which the cumulation provided for in this Article may be applied with those countries or territories listed in this Article which have fulfilled the necessary requirements.

7. The cumulation provided for in this Article shall not be applicable to the products listed in Annex IX. Notwithstanding that, the cumulation provided for in this Article may only be applied after 1 October 2015 for the products listed in Annex IX and after 1 January 2010 for rice of tariff heading 1006 respectively, when the materials used in the manufacture of such products are originating, or the working or processing is carried out in a Pacific State or in an other ACP State member of an Economic Partnership Agreement (EPA).

8. This Article shall not apply to products of Annex XI originating in South Africa. The cumulation provided for in this Article shall apply to the products originating in South Africa listed in Annex XII after 31 December 2009.

Article 4 bis

Cumulation with neighbouring developing countries

1. At the request of the Pacific States and following the provisions of Article 41(2), materials originating in a neighbouring developing country, other than an ACP State, belonging to a coherent geographical entity, a listing of which is at Annex VIII bis, can be considered as materials originating in a Pacific State when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided that:

(a) the working or processing carried out in the Pacific State exceeds the operations listed in Article 7;

(b) the Pacific States, the European Community and the neighbouring developing countries concerned have concluded an agreement on adequate administrative cooperation procedures which will ensure correct implementation of this paragraph.

2. The cumulation provided for in this Article shall not be applicable to the products to be listed upon a decision of the Special Committee on Customs Cooperation and Rules of Origin.

3. For the purpose of determining whether the products originate in the neighbouring developing country as defined in Annex VIII bis, the provisions of this Protocol shall apply.

Article 5

Wholly obtained products

1. The following shall be considered as wholly obtained in a Pacific State or in the European Community:

(a) mineral products extracted from their soil or from their seabed;

(b) fruit and vegetable products harvested there;

(c) live animals born and raised there;

(d) products from live animals raised there;

(e) (i) products obtained by hunting or fishing conducted there;

(ii) products of aquaculture, including mariculture, where the fish are born and raised there;

(f) products of sea fishing and other products taken from the sea outside the territorial waters of the European Community or of a Pacific State by their vessels;

(g) products made aboard their factory ships exclusively from products referred to in subparagraph (f);

(h) used articles collected there fit only for the recovery of raw materials, including used tyres fit only for retreading or for use as waste;

(i) waste and scrap resulting from manufacturing operations conducted there;

(j) products extracted from marine soil or subsoil outside their territorial waters provided that they have sole rights to work that soil or subsoil;

(k) goods produced there exclusively from the products specified in subparagraphs (a) to (j).

2. The terms 'their vessels' and 'their factory ships' in paragraph 1(f) and (g) shall apply only to vessels and factory ships:

(a) which are registered in a Member State of the European Community or in a Pacific State;

(b) which sail under the flag of a Member State of the European Community or of a Pacific State;

(c) which meet one of the following conditions:

(i) they are at least 50 per cent owned by nationals of a Member State of the European Community or of a Pacific State;

or

(ii) they are owned by companies

— which have their head office and their main place of business in a Member State of the European Community or in a Pacific State; and

— which are at least 50 per cent owned by a Member State of the European Community or by a Pacific State, public entities or nationals of that State.

3. Notwithstanding the provisions of paragraph 2, the European Community shall recognise, upon request of a Pacific State, that vessels chartered or leased by the Pacific State shall be treated as 'their vessels' to undertake fisheries activities in its exclusive economic zone provided that the charter or lease agreement, for which the European Community has been offered the right of first refusal, has been accepted by the Special Committee on Customs Cooperation and Rules of Origin as providing adequate opportunities for developing the capacity of the Pacific State to fish on its own account and in particular as conferring on the Pacific State the responsibility for the nautical and commercial management of the vessel at its disposal for a significant period of time.

4. The conditions of paragraph 2 can be fulfilled in different States insofar as they belong to Pacific States. In this case, products shall be deemed to have the origin of the State by whose nationals or by a company by which the vessel or factory ship is owned in accordance with paragraph 2(c). In the event of a vessel or factory ship owned by nationals or companies of States belonging to different Economic Partnership Agreements, the products shall be deemed to have the origin of the State whose nationals or companies contribute to the highest share in accordance to the provisions of paragraph 2(c).

Article 6

Sufficiently worked or processed products

1. For the purposes of Article 2, products which are not wholly obtained are considered to be sufficiently worked or processed when the conditions set out in the List in Annex II are fulfilled.

2. Notwithstanding paragraph 1, the products which are listed in Annex II(a) can be considered to be sufficiently worked or processed, for the purposes of Article 2, when the conditions set out in that Annex are fulfilled.

3. The conditions referred to in paragraphs 1 and 2 above indicate, for all products covered by this Agreement, the working or processing which must be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. Accordingly, it follows that if a product which has acquired originating status by fulfilling the conditions set out in either List is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.

4. Notwithstanding paragraphs 1 and 2, non-originating materials which, according to the conditions set out in Annex II and Annex II(a), should not be used in the manufacture of a given product may nevertheless be used, provided that:

(a) their total value does not exceed 15 per cent of the ex-works price of the product;

(b) any of the percentages given in the List for the maximum value of non-originating materials are not exceeded through the application of this paragraph.

5. The provisions of paragraph 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.

6. (a) The Parties recognise that since the Lomé Convention was signed in 1976, Pacific States have not been able to develop an adequate national fleet respecting the vessel conditions of Article 5.2 of the present Protocol II. The Parties also recognise the special circumstances of the Pacific States encompassing the insufficient wholly-obtained fish to meet on-land demand, the very limited fishing capacity of the Pacific States' fishing fleet, the reduced processing capability due to physical and economic factors, the low risk of destabilising the EU market due to large inflows of fishery products from the Pacific States, the geographical isolation of the Pacific States as well as the distance to the EU market. The Parties also share the final goal of promoting further development in the Pacific States while promoting sustainable fisheries and good fisheries governance.

(b) The Parties recognise the enormous importance of fisheries to the people of the Pacific States and that the fish, for example tuna in the Western and Central Pacific Ocean is the most important shared natural resource for long-term income and employment generation for the Pacific States. This shared fisheries resource in the waters of the Pacific States is subject to various management regimes at regional, sub-regional and national levels, including the Vessel Day Scheme aiming at regional sustainable tuna purse seine fisheries. These activities are subject to monitoring within the framework of the Western and Central Pacific Fisheries Commission, including the Vessel Monitoring System and Observer Programmes. In this context, the Parties agree that notwithstanding paragraph 1, when circumstances are such that wholly obtained products as defined in Article 5 paragraphs 1(f) and 1(g) cannot be sufficiently utilised to satisfy the on-land demand and following the prior notification to the European Commission by a Pacific State, processed fishery products of headings 1604 and 1605 manufactured in on-land premises in that State from non-originating materials of Chapter 03 that have been landed in a port of that State shall be considered as sufficiently worked or processed for the purposes of Article 2. The notification to the European Commission shall indicate the reasons why the application of this paragraph will stimulate the development of the fisheries sector in that State, and shall include the necessary information about the species concerned, the products to be manufactured as well as an indication of the respective quantities to be involved.

(c) A report on the implementation of subparagraph (b) shall be drawn up no later than three years after the notification.

(d) On the basis of this report, the European Community and the requesting Pacific State shall hold consultations on the utilisation of subparagraph (b), taking into account in particular its development effects and the effective conservation and sustainable management of the resources and, if appropriate, amend it.

(e) Subparagraph (b) shall apply without prejudice to sanitary and phytosanitary measures in force in the EU, effective conservation and sustainable management of fishing resources and support to combat illegal, unreported and unregulated fishing activities in the region.

(f) The provisions of this paragraph shall be applicable to imports from a Pacific State from the first day after the publication in the Official Journal of the European Union of a notice informing that the State concerned has made a notification to the European Commission in accordance with subparagraph (b).

7. Paragraphs 1 to 6 shall apply subject to the provisions of Article 7.

Article 7

Insufficient working or processing

1. Without prejudice to paragraph 2, the following operations shall be considered as insufficient working or processing to confer the status of originating products, whether or not the requirements of Article 6 are satisfied:

(a) preserving operations to ensure that the products remain in good condition during transport and storage;

(b) breaking-up and assembly of packages;

(c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;

(d) ironing or pressing of textiles;

(e) simple painting and polishing operations;

(f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;

2. For the implementation of paragraph 1, the exporter must indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 relates, and state the reasons for his request.

If the declaration is handwritten, it shall be written in ink and in printed characters.

5. Invoice declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 21 shall not be required to sign such declarations provided that he gives the customs authorities of the exporting country a written undertaking that he accepts full responsibility for any invoice declaration which identifies him as if it had been signed in manuscript by him.

6. An invoice declaration may be made out by the exporter when the products to which it relates are exported, or after exportation on condition that it is presented in the importing country no longer than two years after the importation of the products to which it relates.

Article 21

The customs authorities of the exporting country may authorise any exporter who makes frequent shipments of products under the trade cooperation provisions of the Agreement to make out invoice declarations irrespective of the value of the products concerned. An exporter seeking such authorisation must offer to the satisfaction of the customs authorities all guarantees necessary to verify the originating status of the products as well as the fulfilment of the other requirements of this Protocol.

2. The customs authorities may grant the status of approved exporter subject to any conditions which they consider appropriate.

3. The customs authorities shall grant to the approved exporter a customs authorisation number which shall appear on the invoice declaration.

4. The customs authorities shall monitor the use of the authorisation by the approved exporter.

5. The customs authorities may withdraw the authorisation at any time. They shall do so where the approved exporter no longer offers the guarantees referred to in paragraph 1, does not fulfil the conditions referred to in paragraph 2 or otherwise makes an incorrect use of the authorisation.

Article 22

Validity of proof of origin

1. A proof of origin shall be valid for ten months from the date of issue in the exporting country, and must be submitted within the said period to the customs authorities of the importing country.

2. Proofs of origin which are submitted to the customs authorities of the importing country after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit these documents by the final date set is due to exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing country may accept the proofs of origin where the products have been submitted before the said final date.

Article 23

Submission of proof of origin

Proof of origin shall be submitted to the customs authorities of the importing country in accordance with the procedures applicable in that country. The said authorities may require a translation of a proof of origin and may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of the Agreement.

Article 24

Where, at the request of the importer and on the conditions laid down by the customs authorities of the importing country, dismantled or non-assembled products within the meaning of General Rule 2(a) for the interpretation of the Harmonized System falling within Sections XVI and XVII or heading 7308 and 9406 of the Harmonized System are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities upon importation of the first instalment.

Article 25

Exemptions from proof of origin

Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of this Protocol and where there is no doubt as to the veracity of such a declaration. In the case of products sent by post, this declaration can be made on customs declaration CN22/CN23 or on a sheet of paper annexed to that document.

2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.

3. Furthermore, the total value of these products shall not exceed EUR 500 in the case of small packages or EUR 1 200 in the case of products forming part of travellers' personal luggage.

Article 26

Information procedure for cumulation purposes

1. When Articles 3(1) and 4(1) are applied, the evidence of originating status within the meaning of this Protocol of the materials coming from a Pacific State, from the European Community, from another ACP State or from an OCT shall be given by a movement certificate EUR.1 or by the supplier's declaration, a specimen of which appears in Annex V A to this Protocol, given by the exporter in the State or in the European Community from which the materials came.

2. 3. A separate supplier's declaration shall be made out by the supplier for each consignment of goods on the commercial invoice related to that shipment or in an annex to that invoice, or on a delivery note or other commercial document related to that shipment which describes the materials concerned in sufficient detail to enable them to be identified.

5. The suppliers' declarations shall bear the original signature of the supplier in manuscript. However, where the invoice and the supplier's declaration are established using electronic data-processing methods, the supplier's declaration need not be signed in manuscript provided the responsible official in the supplying company is identified to the satisfaction of the customs authorities in the State where the suppliers' declarations are established. The said customs authorities may lay down conditions for the implementation of this paragraph.

6. The supplier's declarations shall be submitted to the customs authorities in the exporting country requested to issue the movement certificate EUR.1.

7. The supplier making out a declaration must be prepared to submit at any time, at the request of the customs authorities of the country where the declaration is made out, all appropriate documents proving that the information given on this declaration is correct.

Article 27

Supporting documents

The documents referred to in Articles 16(3) and 20(3) used for the purpose of proving that products covered by a movement certificate EUR.1 or an invoice declaration can be considered as products originating in a Pacific State, in the European Community or in one of the other countries or territories referred to in Articles 3 and 4 and fulfil the other requirements of this Protocol may consist inter alia of the following:

(a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounts or internal bookkeeping;

5. The customs authorities of the importing country shall keep for at least three years the movement certificates EUR.1 and the invoice declarations submitted to them.

Article 29

Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not ipso facto render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.

2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

Article 30

Amounts expressed in euro

1. For the application of the provisions of Article 20(1)(b) and Article 25(3) in cases where products are invoiced in a currency other than the euro, amounts in the national currencies of a Pacific State, of the Member States of the European Community and of the other countries or territories referred to in Articles 3 and 4 equivalent to the amounts expressed in euro shall be fixed annually by each of the countries concerned.

2. A consignment shall benefit from the provisions of Article 20(1)(b) or Article 25(3) by reference to the currency in which the invoice is drawn up, according to the amount fixed by the country concerned.

3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October. The European Commission shall notify all countries concerned of the relevant amounts.

4. A country may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 per cent. A country may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 per cent in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.

5. The amounts expressed in euro shall be reviewed by the Special Committee on Customs Cooperation and Rules of Origin at the request of the European Community or of the Pacific States. When carrying out this review, the Special Committee on Customs Cooperation and Rules of Origin shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in euro.

Article 34

Verification of proof of origin

1. Subsequent verifications of proof of origin shall be carried out based on risk analysis and at random or whenever the customs authorities of the importing country have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of this Protocol.

2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the importing country shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the invoice declaration, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request of verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting country. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing country decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The customs authorities requesting the verification shall be informed of the results of this verification as soon as possible. 6. If in cases of reasonable doubt there is no reply within ten months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

7. Where the verification procedure or any other available information appears to indicate that the provisions of this Protocol are being contravened, the exporting country on its own initiative or at the request of the importing country shall carry out appropriate enquires or arrange for such enquiries to be carried out with due urgency to identify and prevent such contraventions and for this purpose the exporting country concerned may invite the participation of the importing country in these verifications.

Article 35

Verification of suppliers' declarations

1. Verification of suppliers' declarations shall be carried out based on risk analysis and at random or whenever the customs authorities of the country where such declarations have been taken into account to issue a movement certificate EUR.1 or to make out an invoice declaration, have reasonable doubts as to the authenticity of the document or the correctness of the information given in this document.

2. The customs authorities to which a supplier's declaration is submitted may request the customs authorities of the State where the declaration was made to issue an information certificate, a specimen of which appears in Annex VI to this Protocol. Alternatively, the certifying authorities to which a supplier's declaration is submitted may request the exporter to produce an information certificate issued by the customs authorities of the State where the declaration was made.

A copy of the information certificate shall be preserved by the office which has issued it for at least three years.

3. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. 4. The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence or to carry out any inspection of the supplier's account or any other check which they consider appropriate in order to verify the correctness of any supplier's declaration.

2. By means of an exemption from the provisions contained in paragraph 1, when products originating in a Pacific State or in the European Community are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment or processing undergone complies with the provisions of this Protocol.

Article 39

3. The examination of requests shall in particular take into account:

(a) the level of development or the geographical situation of the Pacific State concerned;

(b) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in a Pacific State to continue its exports to the European Community, with particular reference to cases where this could lead to cessation of its activities;

(c) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realisation of the investment programme would enable these rules to be satisfied by stages.

4. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

5. In addition, an examination shall be carried out with a favourable bias having particular regard to:

(a) the economic and social impact of the decision to be taken especially in respect of employment;

(b) the need to apply the derogation for a period taking into account the particular situation of the Pacific State concerned and its difficulties.

6. In the examination of requests, special account shall be taken, case by case, of the possibility of conferring originating status on products which include in their composition materials originating in neighbouring developing countries, least-developed countries or developing countries with which one or more Pacific States have special relations, provided that satisfactory administrative cooperation can be established.

7. Without prejudice to paragraphs 1 to 6, the derogation shall be granted where the value added to the non-originating products used in the Pacific State concerned is at least 45 % of the value of the finished product, provided that the derogation is not such as to cause serious injury to an economic sector of the European Community or of one or more of its Member States.

8. The Committee shall take steps necessary to ensure that a decision is reached as soon as possible and in any case not later than 75 working days after the request is received by the EC Co-chairman of the Committee. If the European Community does not inform a Pacific State of its position on the request within this period, the request shall be deemed to have been accepted.

9. (a) The derogation shall be valid for a period, generally of five years, to be determined by the Committee.

(b) The derogation decision may provide for renewals without a new decision of the Committee being necessary, provided that the Pacific State or States concerned submit(s), three months before the end of each period, a proof that it is/they are still unable to meet the conditions of this Protocol which have been derogated from.

If any objection is made to the extension, the Committee shall examine it as soon as possible and decide whether to prolong the derogation. The Committee shall proceed as provided for in paragraph 8. All necessary measures shall be taken to avoid interruptions in the application of the derogation.

(c) In the periods referred to in subparagraphs (a) and (b), the Committee may review the terms for implementing the derogation should a significant change be found to have taken place in the substantive factors governing the decision to grant the derogation. On conclusion of its review the Committee may decide to amend the terms of its decision as regards the scope of derogation or any other condition previously laid down.

TITLE VI

CEUTA AND MELILLA

3. Where products wholly obtained in Ceuta, Melilla or in the European Community undergo working and processing in a Pacific State, they shall be considered as having been wholly obtained in a Pacific State.

4. Working or processing carried out in Ceuta, Melilla or in the European Community shall be considered as having been carried out in a Pacific State, when materials undergo further working or processing in a Pacific State.

5. For the purpose of implementing paragraphs 3 and 4, the insufficient operations listed in Article 7 of this Protocol shall not be considered as working or processing.

6. Ceuta and Melilla shall be considered as a single territory.

Article 43

Implementation of the Protocol

The European Community and the Pacific States shall each take the steps necessary to implement this Protocol.

ANNEX I to Protocol II

Introductory notes to the list in Annex II

Note 1:

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 6 of the Protocol.

Note 2:

1. The first two columns in the list describe the product obtained. The first column gives the heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns a rule is specified in column 3 or 4. Where, in some cases, the entry in the first column is preceded by an 'ex', this signifies that the rules in column 3 or 4 apply only to the part of that heading as described in column 2.

2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in column 3 or 4 apply to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.

3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in column 3 or 4.

4. Where, for an entry in the first two columns, a rule is specified in both column 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 has to be applied.

Note 3:

1. The provisions of Article 6 of the Protocol concerning products having acquired originating status which are used in the manufacture of other products apply regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the European Community or in the Pacific States.

   Example:

   An engine of heading No 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 per cent of the ex-works price, is made from 'other alloy steel roughly shaped by forging' of heading No ex 7224.

   If this forging has been forged in the European Community from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading No ex 7224 in the list. The forging can then count as originating in the value calculation for the engine regardless of whether it was produced in the same factory or in another factory in the European Community. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

2. The rule in the list represents the minimum amount of working or processing required and the carrying out of more working or processing also confers originating status; conversely, the carrying out of less working or processing cannot confer originating status. Therefore, if a rule provides that non-originating material at a certain level of manufacture may be used, the use of such material at an earlier stage of manufacture is allowed and the use of such material at a later stage is not.

3. Without prejudice to Note 3.2 where a rule states that 'materials of any heading' may be used, materials of the same heading as the product may also be used, subject, however, to any specific limitations which may also be contained in the rule. However, the expression 'manufacture from materials of any heading, including other materials of heading No …' means that only materials classified in the same heading as the product of a different description than that of the product as given in column 2 of the list may be used.

4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that any one or more materials may be used. It does not require that all of those materials be used.

   Example:

   The rule for fabrics of heading Nos 5208 to 5212 provides that natural fibres may be used and that chemical materials among other materials may also be used. This does not mean that both have to be used; it is possible to use one or the other or both.

5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.3 below in relation to textiles).

   Example:

   The rule for prepared foods of heading No 1904 which specifically excludes the use of cereals and their derivatives does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

   However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

   Example:

   In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth — even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn — that is the fibre stage.

6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the highest of the percentages given. Furthermore, the individual percentages must not be exceeded in relation to the particular materials they apply to.

Note 4:

1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres that have been carded, combed or otherwise processed but not spun.

2. The term 'natural fibres' includes horsehair of heading No 0503, silk of heading Nos 5002 and 5003 as well as the wool fibres, fine or coarse animal hair of heading Nos 5101 to 5105, the cotton fibres of heading Nos 5201 to 5203 and the other vegetable fibres of heading Nos 5301 to 5305.

3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of heading Nos 5501 to 5507.

Note 5:

1. Where for a given product in the list a reference is made to this note, the conditions set out in column 3 shall not be applied to any basic textile materials, used in the manufacture of this product, which, taken together, represent 10 per cent or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below).

2. However, the tolerance mentioned in Note 5.1 may only be applied to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

— silk,

— wool,

— coarse animal hair,

— fine animal hair,

— horsehair,

— cotton,

— paper-making materials and paper,

— flax,

— true hemp,

— jute and other textile bast fibres,

— sisal and other textile fibres of the genus Agave,

— coconut, abaca, ramie and other vegetable textile fibres,

— synthetic man-made filaments,

— artificial man-made filaments,

— current conducting filaments,

— synthetic man-made staple fibres of polypropylene,

— synthetic man-made staple fibres of polyester,

— synthetic man-made staple fibres of polyamide,

— synthetic man-made staple fibres of polyacrylonitrile,

— synthetic man-made staple fibres of polyimide,

— synthetic man-made staple fibres of polytetrafluoroethylene,

— synthetic man-made staple fibres of polyphenylene sulphide,

— synthetic man-made staple fibres of polyvinyl chloride,

— other synthetic man-made staple fibres,

— artificial man-made staple fibres of viscose,

— other artificial man-made staple fibres,

— yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped,

— yarn made of polyurethane segmented with flexible segments of polyester whether or not gimped,

— products of heading No 5605 (metallized yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,

— other products of heading No 5605.

Example:

A yarn of heading No 5205 made from cotton fibres of heading No 5203 and synthetic staple fibres of heading No 5506 is a mixed yarn. Therefore, non-originating synthetic staple fibres that do not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) may be used up to a weight of 10 per cent of the yarn.

Example:

A woollen fabric of heading No 5112 made from woollen yarn of heading No 5107 and synthetic yarn of staple fibres of heading No 5509 is a mixed fabric. Therefore synthetic yarn which does not satisfy the origin rules (which require manufacture from chemical materials or textile pulp) or woollen yarn that does not satisfy the origin rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning) or a combination of the two may be used provided their total weight does not exceed 10 per cent of the weight of the fabric.

Example:

Tufted textile fabric of heading No 5802 made from cotton yarn of heading No 5205 and cotton fabric of heading No 5210 is only a mixed product if the cotton fabric is itself a mixed fabric being made from yarns classified in two separate headings or if the cotton yarns used are themselves mixtures.

Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading No 5205 and synthetic fabric of heading No 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is accordingly a mixed product.

3. In the case of products incorporating 'yarn made of polyurethane segmented with flexible segments of polyether whether or not gimped' this tolerance is 20 per cent in respect of this yarn.

4. In the case of products incorporating 'strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of an adhesive between two layers of plastic film', this tolerance is 30 per cent in respect of this strip.

Note 6:

1. In the case of those textile products, which are marked in the list by a footnote referring to this Introductory Note, textile trimmings and accessories which do not satisfy the rule set out in the list in column 3 for the made up products concerned may be used provided that their weight does not exceed 10 % of the total weight of all the textile materials incorporated.

   Textile trimmings and accessories are those classified in Chapters 50 to 63. Linings and interlinings are not be regarded as trimmings or accessories.

2. Any non-textile trimmings and accessories or other materials used which contain textiles do not have to satisfy the conditions set out in column 3 even though they fall outside the scope of Note 3.5.

3. In accordance with Note 3.5, any non-originating non-textile trimmings and accessories or other product, which do not contain any textiles, may, anyway, be used freely where they cannot be made from the materials listed in column 3.

   For example [1], if a rule in the list says that for a particular textile item, such as a blouse, yarn must be used, this does not prevent the use of metal items, such as buttons, because they cannot be made from textile materials.

4. Where a percentage rule applies, the value of trimmings and accessories must be taken into account when calculating the value of the non-originating materials incorporated.

Note 7:

1. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the 'specific processes' are the following:

   (a) vacuum distillation;

   (b) redistillation by a very thorough fractionation process [2];

[1] This example is given for the purpose of explanation only. It is not legally binding.

[2] See additional Explanatory Note 4(b) to Chapter 27 of the Combined Nomenclature.

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerization;

(h) alkylation;

(i) isomerization.

2. For the purposes of heading Nos 2710, 2711 and 2712, the 'specific processes' are the following:

(a) vacuum distillation;

(b) redistillation by a very thorough fractionation process ([1]);

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralization with alkaline agents; decolorisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerization;

(h) alkylation;

(i) isomerization;

(j) in respect of heavy oils falling within heading No ex 2710 only, desulphurisation with hydrogen resulting in a reduction of at least 85 per cent of the sulphur content of the products processed (ASTM D 1266-59 T method);

(k) in respect of products falling within heading No 2710 only, deparaffining by a process other than filtering;

(l) in respect of heavy oils falling within heading No ex 2710 only, treatment with hydrogen at a pressure of more than 20 bar and a temperature of more than 250 °C with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. The further treatment with hydrogen of lubricating oils of heading No ex 2710 (e.g. hydrofinishing or decolorisation) in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;

(m) in respect of fuel oils falling within heading No ex 2710 only, atmospheric distillation, on condition that less than 30 per cent of these products distils, by volume, including losses, at 300 °C by the ASTM D 86 method;

(n) in respect of heavy oils other than gas oils and fuel oils falling within heading No ex 2710 only, treatment by means of a high-frequency electrical brush-discharge.

3. For the purposes of heading Nos ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, any combination of these operations or like operations do not confer origin.

([1]) See additional Explanatory Note 4(b) to Chapter 27 of the Combined Nomenclature.
